PROFESSIONAL SUMMARY

MCA graduate and Software Developer with hands-on internship experience in full-stack application development, backend integration, database operations, debugging, and troubleshooting. Skilled in Python, JavaScript, SQL, PostgreSQL, REST APIs, and CRM/ERP application development. Familiar with software development lifecycle practices, CRUD operations, and application testing, with an interest in clean code, software design principles, automated testing, and scalable backend systems. A proactive learner comfortable collaborating with cross-functional teams. Currently based in Abu Dhabi, UAE, on a visit visa.

TECHNICAL SKILLS

- Programming Languages: Python, JavaScript, TypeScript, Java, SQL
- Backend Development: Django, Node.js, NestJS, Express.js, REST APIs, CRUD Operations
- Databases: PostgreSQL, MySQL, MongoDB, SQL Queries, Database Integration
- Software Engineering: OOP, SDLC, Debugging, Troubleshooting, Refactoring Fundamentals
- Testing & Quality: Manual Testing, API Testing with Postman, Error Investigation
- Web Development: React, Angular, HTML5, CSS3, Responsive UI
- Tools & Collaboration: Git, GitHub, Postman, Docker, Team Collaboration, Technical Documentation

PROFESSIONAL EXPERIENCE

MEANStackDeveloperIntern| BairuhaTech LLP **March 2026 – September 2026**

- Developed and enhancedfull-stack applications using JavaScript/TypeScript frameworks, backend services, databases, and REST APIs.
- Implemented CRUD functionality, API integrations, and frontend–backend workflows.
- Tested and debugged application features, investigated defects, and supported application improvements.
- Used Git, GitHub, Postman, and Docker in software development and testing workflows.
- Contributed to web, ERP, e-commerce, and mobile application features across frontend and backend tasks.

EDUCATION

Master of Computer Applications (MCA) | Sept 2024 – Apr 2026
Nirmala College Muvattupuzha, Mahatma Gandhi University | CGPA: 7.63

Bachelor of Computer Applications (BCA) | Jun 2020 – Apr 2023
DonBosco College, Calicut University | CGPA: 5.98

PROJECTS

FashionAI— Intelligent Fashion Recommendation Platform
FashionAI – AI-Based Fashion Recommendation System

- *Developed a Python/Django application for fashion-related recommendations.*
- *Applied image processing and K-Means clustering to analyze dominant colours and support personalized colour recommendations.*
- *Integrated application logic with MySQL and a frontend built using HTML, CSS, and JavaScript.*

Orbit CRM / ERP Application

- *Contributed to business application modules using React, TypeScript, and backend API integration.*
- *Worked on forms, data tables, filtering, sorting, and application troubleshooting.*

LANGUAGES

- English — Professional Proficiency
- Malayalam — Native

CERTIFICATIONS

- Python forDataScience — NPTEL
- Web Development Internship — Rosversity
- Basics of Computer Networks
