AMENT DILJO

Software Engineer | Full-Stack Developer

Abu Dhabi, UAE|+971 566228023| amentdiljo5@gmail.com | linkedin.com/in/ament-diljo | github.com/Ament1234

PROFESSIONAL SUMMARY

MCA graduate and Software Developer with relevant experience in full-stack web and mobile application development. Skilled in JavaScript, TypeScript, React.js, React Native, Node.js, NestJS, Django, and REST API integration. Experienced in developing responsive user interfaces, reusable components, frontend–backend integration, database operations, debugging, and application testing. Familiar with Git, GitHub, Postman, and Docker. Currently based in Abu Dhabi, UAE, on a visit visa and seeking opportunities to contribute to reliable, scalable web and mobile applications.

TECHNICAL SKILLS

- Programming Languages: JavaScript, TypeScript, Python, Java, SQL, PHP, C
- Frontend Development: React.js, Angular, HTML5, CSS3, Responsive UI, Reusable Components
- Mobile Development: React Native, Expo, Cross-Platform Mobile Application Development
- Backend Development: Node.js, NestJS, Express.js, Django, REST APIs, CRUD Operations
- API Integration: RESTful APIs, JSON, Frontend–Backend Integration, API Testing
- Databases: PostgreSQL, MySQL, MongoDB
- Tools and Platforms: Git, GitHub, Docker, Postman, VS Code
- Core Concepts: Object-Oriented Programming (OOP),Debugging, Problem-Solving, Software Development Life Cycle (SDLC)
- AI/ML Project Skills: Python, OpenCV, K-Means Clustering, Image Processing

PROFESSIONAL EXPERIENCE

MEAN Stack Developer Intern | BairuhaTech LLP **March 2026 – September 2026**

- Developed and enhanced full-stack applications using JavaScript/TypeScript frameworks, backend services, databases, and REST APIs.
- Implemented CRUD functionality, API integrations, and frontend–backend workflows.
- Tested and debugged application features, investigated defects, and supported application improvements.
- Used Git, GitHub, Postman, and Docker in software development and testing workflows.
- Contributed to web, ERP, e-commerce, and mobile application features across frontend and backend tasks.

EDUCATION

Master of Computer Applications (MCA) | Sept 2024 – Apr 2026
Nirmala College Muvattupuzha, Mahatma Gandhi University | CGPA: 7.63

Bachelor of Computer Applications (BCA) | Jun 2020 – Apr 2023
DonBosco College, Calicut University | CGPA: 5.98

PROJECTS

FashionAI— Intelligent Fashion Recommendation Platform

FashionAI – AI-Based Fashion Recommendation System

- *Developed a Python/Django application for fashion-related recommendations.*
- *Applied image processing and K-Means clustering to analyze dominant colours and support personalized colour recommendations.*
- *Integrated application logic with MySQL and a frontend built using HTML, CSS, and JavaScript.*

Orbit CRM / ERP Application

- *Contributed to business application modules using React, TypeScript, and backend API integration.*
- *Worked on forms, data tables, filtering, sorting, and application troubleshooting.*

LANGUAGES

- English — Professional Proficiency
- Malayalam — Native

CERTIFICATIONS

- Python for Data Science — NPTEL
- Web Development Internship — Rosversity
- Basics of Computer Networks
